We are a proud family-owned business in Nanuet, N.Y. We've been serving the Rockland ,Bergen, Orange, Putnam, and Westchester County regions for over **55 years**.

The company is run by Robert Ball and Andrew Bari who are known throughout the northeast. Together they are an unmatched pair who have dedicated their lives to designing and building quality pools. While design and construction are important elements in swimming pool design, quality workmanship done within budget and on schedule are among the factors that make Westrock Pool & Spa the premier swimming pool company in the Tristate area.

The company's top-notch, professionally accredited staff of designers, sales, and technical personnel, as well as installers and craftsmen, have acquired years of experience in handcrafting swimming pools, including above and in-ground vinyl and gunite pools. The company also provides a year-round repair service on pools, hot tubs, and spas.

Our mission after over 55 years in business is to thank our community
